

EXCITING CHANGES *are coming!*

Lower Level Renovation Project
September – December 2026 (Tentative)

We're building a better library for YOU.

Thanks to the generous support of the Hackbarth Foundation, we are renovating the lower level to create modern, flexible spaces for learning, meeting, and creating.

Community voices helped shape this project.

The community asked for more study areas—and we listened!

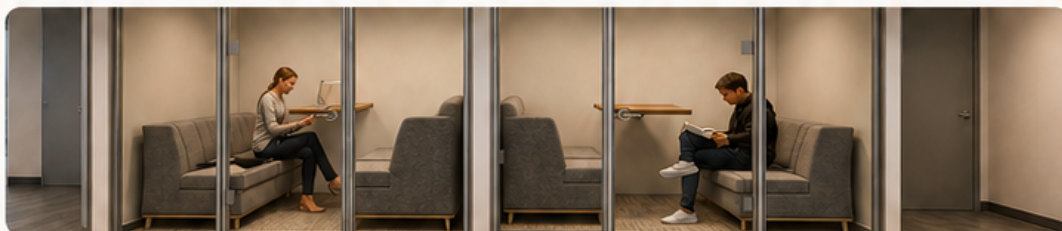

WHAT'S CHANGING?

- ✓ 5 new study rooms with all new furniture
- ✓ 2 new ADA compliant bathrooms
- ✓ Smarter use of space for small group and individual learning
- ✓ Designed for comfort, accessibility, and focus

NEW SPACES. NEW POSSIBILITIES.

The renovated lower level will give users flexible spaces to meet, study, learn, create and participate in library programs.

WHAT TO EXPECT DURING CONSTRUCTION

- ✓ The lower level of the main library will be closed
- ✓ The lower level YA area will still be accessible through the upper YA section
- ✓ The rest of the library remains open!

WHY NOW?

This is the second phase of our three-phase renovation plan.

We've been planning for this since before our major renovation a few years ago.

MADE POSSIBLE BY

**HACKBARTH
FOUNDATION**

Thank you!

THANK YOU FOR YOUR PATIENCE!

This temporary inconvenience will lead to lasting improvements for our entire community.

We can't wait to share the new space with you!
